

About CCAM[®] Certified Control Account Manager[®] Certification

EVMI[®]'s world-class CCAM[®] Certified Control Account Manager[®] credential certification program is the number one certification in the world for Control Account Managers (CAMs) and is given at all the leading global Aerospace & Defense companies from Boeing to Lockheed Martin to General Dynamics to QinetiQ

CCAM[®] Certified Control Account Manager[®] credential certification for Control Account Managers (CAMs) covers the most comprehensive and detailed training program in industry today on how to effectively build, manage and control your Control Accounts on your projects/programs and deliver successful project and program results and outcomes. CCAM[®] Certified Control Account Manager[®] provides you with the strategies, skills, know-how, competencies, best practices and methods on how to get your control accounts and Project deliverables planned, executed, monitored and controlled within budget, on time, and within top quality. EVMI[®] Earned Value Management Institute[®]'s CCAM[®] Certified Control Account Manager[®] Credential Certification program is **40** hours in duration: **24** hours in class training and **16** hours for reading all CCAM[®] materials. Additional 20 hours is allocated for completion of related exercises. A total of **60 Professional Development Units (PDUs)** is awarded for completion of CCAM[®] certification.

CCAM NOTEBOOK: The CCAM[®] program includes developing the CCAM notebook, a requirement for CAMs at US Federal Government agencies; US Department of Defense (DoD) and Defense Contract Management Agency (DCMA) Earned Value Management Systems (EVMS) certification.
